Wash vs. Scrub

Think of the shea wash as more of a liquid soap that gently cleanses your skin, whereas the revitalizing shea scrub is an exfoliant which takes it a step further and *polishes* your skin.

Lotion vs. Crème

Silkening shea lotion is an everyday essential that helps keep your skin feeling moisturized, nourished and satiny-smooth. Think of whipped shea crème as a luxurious indulgence. And since it's thicker than the lotion, it's great for drier areas like heels and elbows.
